

TECHNICAL DATA SHEET

Longifolene 80%. MIN.

GENERAL PRODUCT DESCRIPTION

Longifolene 80%. is a derivatives of gum turpentine obtained by distilled.

Appearance	Clear Liquid
Colour	Colorless or light yellow
Odour	Wood-aromatic odor
CAS No.	475-20-7
Molecular formula:	C ₁₅ H ₂₄

PRODUCT SPECIFICATIONS

Product specification	Typical Properties
Refractive Index (20°C)	1.500~1.505
Relative Density (25/25°C)	0.925~0.930
Color(Co-Pt)	70 max.
Content (G.C.)	65%min-80% min.

APPLICATIONS

wood-aroma serial perfume and fundamental material of perfume industry.

FORM OF SUPPLY

*Net wt. 180KGS. Packing in 53 gallons galvanized iron drums
In Bulk 21mt per isotank,*

STORAGE CONFITIONS:

Stored in Cool, dry and ventilated location. Protected from light and covered with nitrogen in container.

Shelf life: One year with proper storage.
